

NEW YORK METROPOLITAN TRANSPORTATION COUNCIL

MICROSOFT OFFICE 365

The New York Metropolitan Transportation Council (NYMTC) is responsible for providing solutions for transportation-related issues, accessing and determining the best use of federal funds, and advancing local undertakings for the benefit of the New York City, Long Island, and the lower Hudson Valley region

NYMTC came to us with a common problem faced by organizations that work closely with other enterprises: They needed to access information from several different companies, all of which store their data in various systems. NYMTC wanted to avoid having to log into these numerous databases - often multiple times per day - to access the necessary data for their daily operations.

QUADRANT REPORT

NIFTIT designed a report that pulls data from separate locations into a single display within NYMTC's SharePoint site. This feature allows NYMTC administrators to quickly access important information from multiple databases all at once, which greatly increases efficiency and productivity.

NIFTIT delivers SharePoint implementations for businesses and non-profits of all sizes, from highly advanced integrations, business forms, and workflow solutions, to customized SharePoint apps and cloud migrations

We can do it all.

NIFTIT NYC

85 Delancey St, Suite 46,
New York, NY 10002, USA

NIFTIT HCMC

132 Cong Hoa, Floor 1, Tan
Binh, Ho Chi Minh City,
Vietnam

NIFTIT HK

8/F, Kongling Building, 100
Jervois St, Sheung Wan
Central District, HK

NIFTIT PARIS

10 Rue de Penthièvre,
75008 Paris, France
